

Igor I. Sikorsky Human Powered Helicopter Competition

A prize of \$250,000.00 is pledged by Sikorsky Aircraft Corp. for the first successful controlled flight of a human-powered helicopter that meets all of the requirements of AHS International's Igor I. Sikorsky Human Powered Helicopter Competition.

A one minute hovering time and momentary achievement of 3 meters altitude is required to win the AHS prize. See the official HPH Regulations at www.vtol.org for more information.

All entrants must submit a properly completed Entry Form and Indemnity Agreement prior to consideration.
