Registration Form for the Northeast Lichten Competition for the American Helicopter Society

Please complete this form and submit it with your abstract when you register for the Northeast Lichten competition. Please note that the order of submitted and presented documents is different for the Lichten competition than the normal procedure for gaining acceptance to present a paper at the AHS Annual Forum. For regular submission to the AHS Form, the submission/presentation order is: 1. abstract, 2. paper and 3. presentation. For the Lichten competition, the submission/presentation order is: 1. brief abstract, 2. presentation, 3. abstract & paper, 4. redo presentation (3 & 4 occur if competitor advances beyond the regional competition).

I ____________ (have/have not) read the document describing the procedures, rules, and eligibility (Available at vtol.org. Follow links for Awards and Contests, AHS International Awards).

I ____________ (have/have not) obtained all necessary approvals to publish the work that I am submitting. If approvals have not already been granted, they are expected before the regional competition time from the below agencies and points of contact (Publication approvals can take some time, so it is good for authors to start early. Authors are responsible for obtaining publication approvals for their own work. Stratford Chapter AHS officers can provide guidance).

Approval 1, Funding agency (NASA, Army, Navy, DARPA, etc.):

Approval 2, Agency responsible for providing software or data for published work:

Approval 3, Employer:

I ____________ (have/have not) already submitted an abstract for presentation at the next AHS Annual Forum, separately from the Lichten competition (Please notify the appropriate technical chair that you are also competing in the Lichten competition, if you have done this).
