

# American Helicopter Society South Florida Chapter

Invites you to fly-in or drive to

**North Palm Beach County Airport**

For Rus Stiles' presentation:

***"Impossible to Resist: The Development of Rotorcraft Fly By Wire Technology"***

**Thursday, March 12, 2015, hosted by Ocean Helicopters**

Like "South Florida AHS" on Facebook to hear more about upcoming events!

The past half century has seen the progression of rotorcraft flight controls from early mechanical systems to modern redundant hydraulic systems with full-authority digital flight control computers. This presentation describes the evolution of successful fly-by-wire systems, from requirements to implementation.

**Starts at 6:00 PM – refreshments provided!**  
**\$5 for Non-Members - Free to AHS Members**

**Location: North Hangar Area**

**Look for AHS signs!**

Driving In

11770 Aviation Blvd, West Palm Beach, FL 33412  
After turning off the Beeline Highway, drive ~1.5 mi on Aviation Blvd, then turn right at the **first** hangar signs. Park & wait at the gate.
